Abstract

The instructions below are described to guide authors who wish to submit an abstract to the 40th Conference of the Mechanical Engineering Network of Thailand. The submitted abstract must be clear, concise, and well agree with this conference template to obtain the consistent form with other papers, therefore it can be collected in the conference proceedings uniformly. If you use MS Word, you can apply preset Styles in this file to your text. Otherwise, use this document as a guideline to setup your manuscript. (*Abstract*)

The abstract should contain less than 300 words and be within 1 page of A4 (standard size of 210 mm × 297 mm). The abstract should state background, objectives, methods and procedures, the main outcomes, results, and concluding remarks. Suggestions or comments for further research or application/practice may be included.

Keywords: 3-5 keywords should be provided here to assist with indexing of the article.
